

FUJIDA ATF

Performance Automatic Transmission Fluid

Description

FUJIDA ATF is a high performance, automatic transmission fluid designed to meet the service fill requirements for many types of vehicles. It provides reliable performance, consistent all weather shifting, all-around lubrication protection of the transmission components.

Features & Benefits

- Excellent thermal and oxidation stability
- Good film-strength and anti-wear properties
- Effective foam control properties provide consistent shifting performance and reduce fluid losses in severe service.

Typical Properties

Grade	II	III
Viscosity, ASTM D445		
cSt@40°C	37	32
cSt@100°C	7.0	7.0
Pour Point °C, ASTM D2270	-44	-51
Flash Point °C, ASTM D92	198	182
Density@15°C kg/l,ASTM D4052	0.862	0.860
Colour	Red	Red

Available Packings: 1L, 3.5L,18L

The above product when used according to our recommendations and for the purpose for which it is intended, presents no particular hazards.

JC HARDY TRADING CO PTE LTD

Applications

- Suitable for use in any make/model of car requires a Dexron II or III fluid.
